Learn about The Vanguard 529 Plan

Vanguard

With just \$50, you can enroll in The Vanguard 529 Plan—
an easy, affordable way to save for college.

Enroll in the plan that makes saving easy

The Vanguard 529 College Savings Plan, sponsored by the state of Nevada, enables you to save for your higher-education goals while enjoying significant tax benefits.

Save more with our low costs

Ranging from 0.17% to 0.45% of account assets, the Vanguard 529 Plan's fees are among the lowest of any 529 plan. Plus, you won't pay any commissions or enrollment fees.* That means more of your money stays in your account for college.

Make investing simple with our age-based portfolios

Take the guesswork out of investing with our three age-based options. Choose the age-based option that matches your risk tolerance, and your assets are broadly diversified, all-in-one option that automatically moves your assets into more conservative portfolios as your beneficiary ages and college gets closer—meaning virtually no management work for you. Or you can do it yourself with our individual portfolios. Learn more at [vanguard.com/529plan](https://www.vanguard.com/529plan). Investment returns are not guaranteed, and you could lose money by investing in The Vanguard 529 Plan.

The minimum initial investment for the plan is \$3,000. The plan reserves the right to assess a \$20 maintenance fee on your account if the balance falls below \$3,000. The account minimum for Nevada residents is \$1,000.

Enjoy the tax advantages

Your money grows tax-deferred, and earnings on withdrawals are exempt from federal income tax when used for qualified higher-education expenses.** Depending on where you live, earnings on withdrawals may also be free from state income tax.

Get closer to your savings goal with automatic contributions

By signing up for an automatic investment plan (AIP), you can contribute a fixed dollar amount automatically into your account on a monthly or quarterly schedule. It's an easy way to save regularly and help keep your college savings on track.***

Add to your account with Upromise

Once you enroll in The Vanguard 529 Plan, you can join Upromise® for free. When you make eligible purchases with hundreds of participating companies, a percentage of your spending will be credited to your Upromise account. You can then transfer money from this account to your 529 plan account, subject to a minimum quarterly transfer amount of \$50.

**Earnings on nonqualified withdrawals may be subject to federal income tax and a 10% federal penalty tax, as well as state and local income taxes. The availability of tax or other benefits may be contingent on meeting other requirements.

***Periodic investing does not guarantee a profit or protect against a loss.

Frequently asked questions about The Vanguard 529 Plan

What can I spend the money on?

You can use the money in your account for tuition, fees, certain room-and-board costs, books, supplies, equipment, computer-related expenses (including hardware, software, and internet access or related services), and other qualified higher-education expenses.

Where can I use the money I've saved?

You can use the money in your account at almost any accredited college or university in the United States and many abroad.

What if my child doesn't go to college?

You have several options. You can name another eligible family member as beneficiary on the account or hold the account should your beneficiary attend college later. You may also close the account, paying federal and possibly state income taxes and a 10% federal penalty on earnings not used for qualified higher-education expenses. The penalty can be waived in certain circumstances.

How do I manage my account?

You can enroll online at any time and begin investing immediately. Then you can log on at your convenience to view or make changes to your account or to check investment performance. If you hold other assets at Vanguard—mutual funds, brokerage investments, or employer plan assets—you can keep track of those assets all in one place.
